

GEORGIA BIOMEDICAL INSTRUMENTATION SOCIETY, INC.

BOARD OF DIRECTORS NOMINATION FORM

2024-2026

To give equal representation to all categories of membership and geographical areas, two representatives for each should be chosen. Therefore, all incumbent seats will be nominated accordingly.

By accepting a nomination to serve as a Board of Director the nominee is willing to represent the Georgia Biomedical Instrumentation Society as a state organization. All chosen nominees need to understand the bylaws of the organization and be responsible to attend all meetings and scheduled conference calls. In person or virtual as necessary.

A nominee willing to accept representing a membership category or geographical area may fill vacant positions. If more than two candidates are nominated for the same category or geographical area the Board of Trustees will decide on the vote.

The nominee does not have to reside in the geographical area but should be in the member category to represent. This will give anyone willing to serve on the board to represent any vacancy. Therefore, if you want to serve on the board you can nominate yourself for any vacant area.

Board Representatives may be assigned a month to plan a workshop, event, activity, page-editor or selected as an officer. Time is required to accomplish the duties of a board member but can be minimized with proper planning and coordination with others. The representative must submit any cost involved for Board of Trustees approval.

All nomination forms must be returned by **December 31st** in time to prepare for the **2024 First Board meeting**. Just fill out the form and forward to Horace Hunter, 2024-2026 Nomination Committee Chairperson at gbisexecutive@gmail.com . If you have any questions contact Horace Hunter, Executive Director at 229-224-4539 or email gbisexecutive@gmail.com.

All nominees will be posted for final selection.
